BRITISH SUB IN ACCIDENT, CREW KILLED

(By the Associated Press)
London, March 23.—The British submarine H-42 has been lost with all hands aboard in the Mediterranean, according to Exchange Telegraph dispatches today.

The H-42 collided with a destroyer during maneuvers, the dispatches state, and went down quickly.

FURTHER DECLINE TODAY IN COTTON

Further declines from Wednesday's figures were registered on New York and New Orleans cotton markets today. May contracts at New York closed at 17.86 as compared with 17.88 for yesterday. July ended trading at 17.24, or 11 points under yesterday's quotations. Approximately the same losses were registered at New Orleans, where May contracts fell from 16.61 to 16.43 and July contracts from 16.45 to 16.31. Spots at New Orleans were steady and closed 15 points down, a good showing when compared with 45 points lost at New York.

The cotton trades were given notice today by the New York and Chicago markets that daylight savings ordinances will be in effect during the summer and will be observed by the exchanges. Daylight saving will be in effect at both New York and Chicago on April 30. Holidays will be observed by the New York and New Orleans exchanges on April 14 and 15.

TO PUT BONUS TO FINAL VOTE BEFORE NIGHT

(By the Associated Press)
Washington, March 23.—Passage of the four million dollar soldier bonus bill by the house before adjournment tonight was made certain today with the adoption of the resolution for consideration of the measure under suspension of the rules, and for final vote after four hours of debate.

Party lines broke when the resolution was submitted to vote, and Republican leaders in charge of the bill are confident that it will receive more than the required two-thirds majority for enactment under suspension of the rules.

From the house the bill will go to the senate, where stronger opposition probably will be encountered.

FLOOD'S PEAK YET TO REACH MEMPHIS

(By the Associated Press)
Memphis, March 23.—Reports today from Cairo that the crest of the Mississippi flood has not yet passed that point and that the river there is rising slowly, indicate that the peak will not reach here before Monday night or Tuesday morning, according to today's forecast by the weather bureau. The stage at Memphis is 30.6 feet today. At Cairo it is 52.9.

SAY PARCEL POST CREATES DEFICIT

(By the Associated Press)
Washington, March 23.—Responsibility for the deficit incurred by the postoffice department in handling the mails is attributed largely to the parcel post system, it was declared today by the joint committee of the house and senate investigating the cost of handling of all classes of mail.

The conclusions of the joint commission will be submitted to congress next fall, with recommendations for changes which will effect economies in the mail service.

ROBERTSON GIVES BOND ON CHARGE

(By the Associated Press)
Oklmulgee, Okla., March 23.—Governor J. B. A. Robertson of Oklahoma and seven officials of the Okmulgee banks are under bond today for trial on indictments alleging illegal transactions involving two local banks.

The charges against Governor Robertson include the acceptance of a bribe of \$25,000 in return for which he placed \$50,000 of state funds in the Guaranty State Bank, which he knew to be insolvent. Deposit of state funds was made, the indictment charges, in order to prevent suspension.

K. K. K. STIRS LA. GOVERNOR TO HOSTILITY

(By the Associated Press)
Baton Rouge, La., March 23.—Governor John M. Parker today issued an appeal to all officials of Louisiana charged with enforcement of the law to suppress "with an iron hand" the Ku Klux Klan whenever the organization attempts to supplant the regularly constituted machinery of justice.

Governor Parker also declared that he would ask the legislature when it is convened, to pass a law which would make it a felony for any man to hide behind a mask for the "purpose of dragging the good name of the state in the mire."

FORECAST 200 MILLION DROP IN U.S. TAXES

(By the Associated Press)
Washington, March 23.—On the strength of reports already submitted, on the collection of the March 15 installments on income and excess profits taxes, it is estimated that such payments will show a shortage of \$200,000,000 for the calendar year 1922, according to an official department of the treasury statement today.

TO CURB VIOLENCE DURING WALK OUT

(By the Associated Press)
Washington, March 23.—Warning that the government will not tolerate the use of violence in attempts to prevent the mining of coal during the strike set by the United Mine Workers for April 1, was issued today in an official statement by Attorney General Daugherty. His warning is directed at the prospective strikers should they resort to force to prevent the mining of coal by strike breakers or non-union labor.

REVENUE OF CHURCH SWELLED BY TITHING

(By the Associated Press)
Indianapolis, Ind., March 23.—The Sunday offering of the East Tenth street Methodist church here was swelled from its usual amount of about \$175 to nearly \$800 the first week that a tithing system was adopted, says Bishop F. D. Leete. Since then, according to the bishop, the church has made financial strides indicated by an increase of \$300 in the salary of its pastor, Rev. George S. Henninger, and by the largest Christmas offering yet reported to the centenary office in Chicago. Bishop Leete adds that this was achieved by a church of working people in a time of financial depression.
